Aims

This seminar has the following objectives:

- Promoting social cohesion of students and teachers;
- Offer common elements of reflection on education and teacher training;
- Provide information about the specializations of the third and fourth semesters;
- Provide information regarding the organization of classes and mobility between universities;
- Presentation and discussion of the Master's Manual;

Cultural Activities

Additionally to the academic activities, we organized a social and cultural programme to get to know Porto, a World Heritage Site.

September 13th, we suggest a walking across some areas in Porto. We offer you the guide that will help you to explore the [Tile](#), [Medieval](#), [Baroque](#), [Neoclassical](#) and Garrett tours, or the city's [Parks and Gardens](#), including photos and information of the points of interest they comprise. We also suggest 5 itineraries into the areas of Sé, Ribeira, Clérigos, Miragaia and the City Centre, using mp3 files, available in English, Spanish and Portuguese.

September 15th we propose a visit to the Casa da Música and a concert of *Couple Coffee* (Free entrance).

September 16th we suggest a cruise on the Douro River which includes a visit to the Port Wine Cellars (booking is necessary).

Porto is also known for its food, so we are providing you a list of restaurants where you can try our Francesinha. For the last day we propose a lunch at [Restaurante Abadia](#).
