

UNIVERSIDAD DE GRANADA

Universidad de Granada

UGR Conferences

This platform allows both advertising a conference on the web and complete management of a conference organized within the University of Granada.

In addition to obtaining visibility by appearing on the conference advertising website, we offer a web site such as congresos.ugr.es/your-congress, with everything you need to manage the public information of the event:

- General Information
- Assembly
- Program
- Registration mechanisms
- Communications
- Aids
- Committees
- Venue and accommodation

The platform includes an identified area where the submitted papers can be managed, and the congress program.
