## Film Club

The Independent Film Club at the Casa de Porras actively strives to promote, and revive, art-house cinema, breaking away from the screening of mainstream commercial film productions. The club offers a space which not only allows you to sit back and relax while enjoying great cinema classics in all their splendour, but via discussion and debate, also encourages you to reflect on critical issues such as aesthetics, culture and politics. The club is also a great place to meet people and share ideas.

Every month we organise a unique programme consisting of 4 – 5 films which, we feel, reveal art-house cinema at its best. We select the films based on their aesthetic merits, their ability to narrate a story through images, and the perspectives they offer on cultural, philosophical, sociological and political issues.

Entrance to all screenings is free of charge. All are welcome!
