[ResearchGate Profile](#)

Current Position:

- **PhD Student**
Department of Geodynamics, University of Granada, Spain
Oct 2018 – present

Pre-Doctoral Formation:

- **BSc Geology, 2016**
University of Granada, Spain
- **MSc Geology Applied to Mineral and Energy Resources, 2017**
University of Granada, Spain
- **PhD Earth Sciences, Oct 2018 – present**
University of Granada, Spain

Relevant Scholarships:

- **Collaboration Scholarship** (University of Granada, 2016/2017 academic course)
Funding source: Education, Culture and Sport Ministry (Government of Spain)
- **FPU Scholarship (University faculty training)** (University of Granada, Oct 2018 – present)
Funding source: Education, Culture and Sport Ministry (Government of Spain)

Research Fields of Interest:

- Structural Geology
- Regional Geology of the Betic Cordillera
- Relationship between deformation and metamorphism

Peer-Reviewed Publications:

- **Ruiz-Fuentes, A.**, Aerden, D.G.A.M., 2018. Transposition of foliations and superposition of lineations during polyphase deformation in the Nevado-Filabride complex: tectonic implications. *International Journal of Earth Sciences (Geologische Rundschau)*, 107, 1975-1988. <https://doi.org/10.1007/s00531-017-1582-6>

Language Skills:

- **Spanish** Native
- **English** Cambridge English CAE (Certificate in Advanced English) (C1 Level)
- **French** Diplôme d'études en langue française (DELF) (B2 Level)
